Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 214 x 149 mm. Language: English . Brand New Book ***** Print on Demand *****.New Edition with Journal Pages available soon. Now that many schools around the country have moved their start date to before Labor Day, this sampler concentrates on August days. The projects in this sampler also work for schools that start in September, one of which celebrates National Back-To-School Month. Designed for teachers and students, these activities will help you make and create wonderful classroom experiences. Using monthly themed events as a springboard and the maker movement for inspiration, students will build cross-curricular connections as they explore STEM - Science, Technology, Math and Engineering. Primarily aimed for students in grades three through grade eight, these engaging and innovative lessons and projects are easily adopted and adapted for learners of all ages. The projects and poetry lessons have been classroom tested and will provide enjoyable learning experiences in a variety of learning environments: home schooling; after-school programs; scouting; gifted and talented programs; extra-curricular clubs; adult ESL classes; and senior citizen activities. Inside this book you will find a jam-packed month of STEM lessons, projects and poetry to be used for Back to School and all through the year. Drawing on the inner poet in every child and the "let me do-it-myself" nature inherent in all learners, the activities and lessons will help your students earn an A for the Arts and will bring STEAM to your STEM initiatives. Your budding scientists, mathematicians and engineers will practice creative and inventive thinking skills as they develop throughout the year. These materials focus on science, technology, engineering, the arts and mathematics. You and your students will especially love the core poetry lessons. Students love poetry and learning about famous poets and their poems...
