Actually, she saved two worlds, but who's counting? Finding herself in the middle of present day suburbia, married and a mom at only twenty years old, she's beyond bored. Even with her popular music blog and her handsome husband Will catering to her every impulse, she longs to use the incredible powers that she possesses. But Earth is no place for magic. When Cole Mathison arrives, asking for Eva's help in solving the death of a famous pop star, she cannot resist the overwhelming pull to use her abilities again. Eva finds that there is more to the sinister murder than what the evidence shows. People who listen continue to die, and she must rely on her immortality to protect her from a frequency that is shattering minds and stopping hearts. There are forces at work that she could never have imagined. And evil will be heard.
