PM Press, United States, 2013. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book. Organized into four sections, this collection of essays is geared toward activists engaging with the dynamic questions of how to create and support effective movements for visionary systemic change. These essays and interviews present powerful lessons for transformative organizing. It offers a firsthand look at the challenges and the opportunities of antiracist work in white communities, feminist work with men, and bringing women of color feminism into the heart of social movements. Drawing on two decades of personal activist experience and case studies within these areas, Crass s essays insightfully explore ways of transforming divisions of race, class, and gender into catalysts for powerful vision, strategy, and building movements in the United States today. This collection will inspire and empower anyone who is interested in implementing change through organizing.
