

Tracks and Tracking: The Classic Guide to Seeing and Reading Animal Signs

By Brunner, Josef.

Skyhorse. 1 Paperback(s), 2014. soft. Book Condition: New. "To derive the greatest pleasure from the pursuit of game," writes Colorado tracker and hunter Josef Brunner in the foreword to this guide from 1923, "it is necessary to be versed in the science of interpreting the meaning of tracks and trails." To Brunner, who spent his life outdoors, this was not simply a matter of skill, but one of honor; he believed that any true sportsman should have a working knowledge of tracks, trails, and signs. Now more suited to nature enthusiasts, the book explains what to look for when tracking dozens of animals, including white-tailed deer, moose, bears, bobcats, rabbits, otters, badgers, and numerous birds, and is illustrated with black and white photos and meticulous drawings throughout. 219.
